

## NTSS 2017 EXHIBITION AWARDS

### YOUTH GRAND EXHIBIT AWARD

This craftsman/mission style petite desk clock was made by Cedarburg, Wisconsin, master woodworker, Richard Matecki. He uses traditional methods and exotic woods to craft clocks with the clean lines reminiscent of another Wisconsinite, Frank Lloyd Wright.

### MOST POPULAR EXHIBIT AWARD

Floyd Timm of T & Things in Milwaukee made this whimsical bird and its house of spalted maple and walnut. He uses wood, most native to Wisconsin, and turns each piece on a lathe. The result is that every piece is unique and fun.
