## Types of Exhibits Acceptable for these Awards

Note: MoJE7 refers to the APS Manual of Philatelic Judging and Exhibiting (7<sup>th</sup> edition, 2016)

1. The MoJE7 (3.5.13; Appendix 2.1.14) defines a **thematic exhibit** as one that develops a nonphilatelic subject (e.g. trains) by illustrating it with a wide variety of appropriate philatelic material, and supporting it with associated thematic and philatelic text to tell a story.

2. The ATA defines a **thematically-organized exhibit** as one that develops a nonphilatelic subject (e.g. trains) into a theme to tell a story, accompanied by thematic and philatelic text. It may be a conventional exhibit type (e.g. Display Exhibits or Postcard Exhibits) or, consistent with MoJE7, one that doesn't fall within any of the conventional exhibit categories as long as it is thematically organized. When an application is received, the Exhibits Chair examines the exhibit's plan and determines whether the exhibit meets these criteria.

3. The MoJE7 (3.5.14) defines a **topical exhibit** as one that is composed of a variety of philatelic items, the design of which illustrates a specific topic or subject, using a logical organizational structure, rather than telling a story.

4. The ATA defines a **topically-organized exhibit** as one in which the items illustrate a specific nonphilatelic topic or subject (e.g. trains), using a logical organizational structure (rather than telling a story), and are accompanied by subject and philatelic text. It may be a conventional exhibit type (e.g. Display Exhibits or Postcard Exhibits) or, consistent with MoJE7, one that doesn't fall within any of the conventional exhibit categories as long as it is topically organized. When an application is received, the Exhibits Chair examines the exhibit's plan and determines whether the exhibit meets these criteria.
